

The New Automatic Balance

Automated Powder & Liquid Dosing

eDemo Exclusively for You

Are you working in the Pharmaceutical / Biopharma /Biotech industry?

Are you working with hazardous, potent and hard to handle compounds in small 'mg' amounts?

Are you interested to improve your process in Capsule Filling, Sample (& Standard) Preparation, Screening, Stability Testing, Small Scale Formulation and/or Vial Filling for your internal reference library?

Then this virtual demonstration and discussion on our new solution for automated powder and liquid dispensing is for you!

Date: 17th March 2022

Time: 10:00AM – 11:00AM CET & 15:00PM – 16:00PM CET

Content:

- Automatic Powder Dosing (standalone and with an autosampler)
- Automatic Liquid Dosing & Gravimetric Sample Preparation with & without LabX Software
- Open discussion of specific applications for automated dosing

Presenter:

- Joanne Laukart Global Key Account Manager
- Magdalena Ulmann Product Manager
